AWARD-WINNING HIGH-DEFINITION SCREENS

AWARD-WINNING HIGH-DEFINITION SCREENS!

Founded in 1977, *Vutec Corporation* is based in Coral Springs, Florida.

We are a global leader and manufacturer of hi-performance projection screens and AV accessories. *Vutec's* state-of-the-art product lines are developed to satisfy the ever changing demands of video enthusiasts and audio/video dealers. Four decades of industry experience provides *Vutec* the ability to service our expanding global network of authorized dealers, distributors, and end users in 87 countries worldwide.

Vutec's numerous patents span a multitude of viewing products that include the revolutionary *SilverStar™*, *Vision X™* and other *Vutec™* video projection screens. *Vutec's* innovative screen design and technology continues to pave the way with innovative manufacturing of front and rear projection screens, *ArtScreens*, masking systems, and AV presentation tools.

Vutec showcases an influential collection of projection screens that offers unequaled craftsmanship, ingenuity, and performance. Countless hours have been spent on engineering, marketing research, and design to make a projection screen in a class of it's own. *Vutec* has become the standard by which all screens are compared by. Each *Vutec* projection screen is a custom built in our factory for the experienced integrator seeking more.

The *SilverStar*™ series upgrade provides a true HD fixed flat front projection screen surface that achieves revolutionary elevated purity using *Vutec's Active Technology*. *SilverStar* products are custom made to order and with unsurpassed versatility, it is the screen of choice for home theater systems, retail displays, command and control (NOC), worship and education venues.

ArtScreen™ Systems by *Vutec* is comprised an award winning line of products that transforms a flat panel display into a work of art. Inside a beautiful frame, the artwork ascends or descends with the touch of a remote. When the screen or flat panel display is not in use, the digital art-on canvas image of your choosing is displayed within the frame. When your artwork is retracted, the flat panel display is visible for viewing.

Choose from our selected works of art, personalized art/ photographs, or custom artwork; in addition to our vast array of frame styles, and liners. Both recessed and surface mount versions are available to compliment any interior design or décor.

IT'S ALL ABOUT THE SCREEN!
