DIMENSIONAL ARTWORK FOR FLAT SCREENS

PROJECTION SCREEN TECHNOLOGY

Art

MEETS TECHNOLOGY
IN ONE PRODUCT

ArtScreen Systems by Vutec™ is comprised of an award-winning line of products that transforms a flat panel display, video projection screen or home entertainment system into a work of art.

The artwork ascends or descends with the touch of a remote or home automation system inside a beautiful frame. When the screen or flat panel display is not in use, the digital art-on canvas image of your choosing is displayed within the frame. When your artwork is retracted, the flat panel display is visible for viewing.

Choose from our selected works of art, personalized art/photographs, or custom artwork; in addition to our vast array of frame styles, and liners. Both recessed and surface mount versions are available to compliment any interior design or décor.
